By-law Needs

- Identification
- Promotion of spaying and neutering
- Limiting household pets does not necessarily solve the problem
- Responsible Pet Ownership by-law
- 2008/2009 temporary by-law was a good beginning to an ongoing problem
- Incorporate discounts in fees for licensing
- Promote the services received in return for licensing
- Consider promoting and providing a cat containment system for outdoor time
Happy cats, Happy people, Healthy community
